

# Basketball Referee Training

## EMPOWERING OFFICIALS TO BE GUARDIANS OF THE GAME

Motor City Evolution can create a specialized training program for your group of basketball officials. We can modify the program based on the skill level of your league so your referees understand what to call and what NOT to call. We work with all programs from competitive AAU tournaments to the most common of recreation leagues. We have packages for leagues as well as individuals who would like to break into basketball officiating. Make the right call and call Motor City Evolution today!

### LEAGUE PACKAGE

MCE will come to your facility and train your referees both on the court and in the classroom. Training will include court positioning, the communication process, rules and referee mechanics. The session will conclude with a test similar to most state's certification exam.

**\$300** for up to five referees and **\$50** for every additional ref.

### LEAGUES AND 1

MCE will come to your facility and train your referees both on the court in the classroom. We will cover all the topics listed in the League Package. In addition, our referee trainer will spend a day officiating games at your league and continue to train your refs in live action.

**\$500** for up to five referees and **\$50** for each additional referee

### INDIVIDUALS

For individuals looking to break into basketball officiating, MCE offers a 3-hour training program that can be scheduled at your convenience. We will cover all the aspects of officiating and prepare you to take your state's certification exam. Minimum age is 14.

**\$150** for one person  
**\$250** group rate for 2-4 people

*Additional fees could be added if your facility is further than 75 miles from Detroit.*
